

Care When You Need It

The Argonne Child Development Center is for the employees of Argonne National Laboratory, Department of Energy and University of Chicago and their contractors. This includes short assignment Users of the CNM, APS and other Argonne facilities.

ACDC offers the highest-quality care and curriculum, experienced teachers and center staff, and low ratios in a safe, welcoming, and exciting environment. Everything in our center is geared toward ensuring you child has a wonderful and enriching experience.

The center can accept children on a drop in basis if space is available in the age group that is needed. Once your child is registered, you can make arrangements for drop-in care when the need arises. Reservations can be accepted as early as one month in advance up to the day you need care. A daily tuition rate would apply.

For more detailed information [click here](#), or feel free to visit our website at www.brighthorizons.com/argonne. To speak directly to the center administration, call 630-252-9601.

We look forward to meeting you and your family.
